

# Preserving our Heritage Creating a Legacy

## BOOTHBAY REGION LAND TRUST

Imagine the Boothbay region without Damariscove or Indiantown Island, without Ovens Mouth, Porter or Penny Lake preserves, or without Lobster Cove Meadow. Without these and the other spectacularly beautiful properties protected by Boothbay Region Land Trust (BRLT), the identity and traditional character of this unique region would be lost. They define our place in the State of Maine and represent an asset that must be handed down to future generations.

Damariscove Island

BRLT has the tremendous responsibility as the steward and protector of these iconic places *in perpetuity*. To ensure that these natural treasures remain intact, well cared for and available to our descendents, it is more important than ever to grow an endowment that will make this possible.

**More than 1,700 acres, six islands, 15 preserves and 30-plus miles of trails open to the public free-of-charge, year-round, are at stake.**

Long-term, a \$5 million endowment is necessary to provide the resources to care for these irreplaceable natural treasures. For starters, BRLT has set a goal of \$500,000 for 2008. Invested, this will provide income for professional lands and stewardship management.

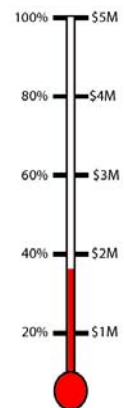

Since 1980, BRLT preserves have provided a critical investment in our community's economic and social well-being and a legacy for the future to our children and grandchildren that ensures the character of our peninsula is maintained forever. We now ask you to join us by investing in BRLT's Endowment Fund to **support the long-term preservation of the hiking trails, wildlife habitat, working waterfront, historical sites and scenic vistas that make the Boothbay peninsula unique and special**. Please consider a gift of cash, securities, or annuities in support of the BRLT Endowment Fund.

**Invest in BRLT and the Boothbay community  
Celebrate its past, future and unique natural beauty**

**2008 GOAL:  
\$500,000**

Help BRLT endow professional lands and stewardship management.
